CHECK POINT™

TRUSTED PARTNERS FOR E-RATE QUALIFIED TECHNOLOGY SERVICES

Navigate the complexities of E-Rate Funding with ADS and our Cybersecurity Partners.

With our extensive experience helping K-12 schools and public libraries optimize federal funding and enhance IT infrastructure and Security, we can help you too.

In Partnership with Check Point, and other leading security solutions vendors, we serve as a single source for a comprehensive security stack.

Getting started

Expertise in E-Rate Compliance - Our team has a deep understanding of the E-Rate program, ensuring your bids align with program requirements, including:

- Eligible services and equipment
- Category 1 and Category 2 funding priorities
- Competitive bidding processes

Customized Solutions - ADS develops personalized technology strategies to address your unique challenges, such as:

- Expanding network capabilities to support digital learning
- Enhancing connectivity for underserved areas
- Implementing robust cybersecurity measures

Comprehensive Bid Support - We assist with every step of the bid process:

- Developing detailed and compliant proposals
- Responding to RFPs with precision
- Ensuring timely submission of all required documentation

Technology Services Tailored for Schools and Municipalities

Powered by Check Point solutions, we align fully with E-Rate Category 2 funding to enhance cybersecurity for schools and libraries:

How Check Point & Atlantic Data Security Help

Powered by Check Point solutions, we align fully with E-Rate Category 2 funding to enhance cybersecurity for schools and libraries:

Firewalls & Network Security: Check Point Quantum Security Gateways provide next-generation firewall protection.

Network Access & Segmentation: Secure SD-WAN and Zero Trust Network Access (ZTNA) ensure secure connectivity.

Threat Prevention & Compliance: ThreatCloud AI & SandBlast protect against malware and phishing while ensuring CIPA compliance.

Cloud Security & Remote Learning Protection: CloudGuard SaaS and Harmony Email Security secure Microsoft 365, Google Workspace, and online learning platforms.

VPN & Remote Access: Secure solutions for remote students, staff, and IT administration

The ADS Advantage

Vendor-Flexible Approach

We collaborate with a wide array of industry-leading technology partners to provide the best solutions and alternatives tailor fit to your unique needs.

Proven Track Record

ADS has successfully supported schools and municipalities in leveraging E-Rate funding to achieve their technology goals.

Dedicated Managed Services

Our experts work closely with you to streamline the E-Rate process and provide 24/7 support and proactive maintenance to minimize downtime and optimize performance.
