

eSENTIRE

-  **Managed Detection and Response**
-  **Digital Forensics and Incident Response**
-  **Continuous Threat Exposure Management**

Comprehensive Cyber-security Protection

Cyber threats are evolving rapidly, and organizations need a proactive approach to stay ahead. eSentire provides industry-leading Managed Detection and Response (MDR), offering real-time threat detection, rapid response, and 24/7 Security Operations Center (SOC) protection. When combined with Atlantic Data Security (ADS), you gain an even stronger security posture with a holistic approach to cybersecurity and IT infrastructure protection.

Why eSentire

eSentire's MDR solution combines cutting-edge open XDR technology, multi-signal threat intelligence, and the industry's only 24/7 Elite Threat Hunters to help you build a more resilient security operation today.

-  • **24/7 MDR Services:** Cutting edge XDR technology that ensures continuous monitoring and rapid threat containment
-  • **Threat Hunting & AI-Driven Insights:** Advanced analytics and human expertise that proactively searches for and resolves indicators of compromise
-  • **Cloud & Endpoint Protection:** Comprehensive coverage across your entire IT environment and tech stack
-  • **Regulatory Compliance Support:** Easily meet established industry security standards with your prebuilt policy playbooks

ADS' Comprehensive Cybersecurity Services

-  • **Security Strategy and Consulting:** Identify and align your cybersecurity priorities with your business objectives
-  • **Network & Endpoint Security - Layered Defense** beyond managed MDR, including firewalls, SIEM, and endpoint protection managed by our team of cybersecurity experts
-  • **Cloud & Zero Trust Solutions -** Fully managed security extended to hybrid and multi-cloud environments.
-  • **Vendor Agnostic Approach -** Our wide-reaching expertise and partnerships ensure we can integrate and optimize security solutions tailored to your needs and pre-existing security stack.

Your End-to-End Cybersecurity Partners

Together, eSentire and ADS provide a comprehensive security ecosystem, ensuring that your organization is protected from today's advanced threats. Whether you need MDR services, cloud security, compliance solutions, or full IT infrastructure protection, we've got you covered.
